

ATTENTION: EMPLOYERS

Online lodgement of WorkCover information

Under WorkCover Queensland reporting obligations, all employers need to lodge their wages information by 31 August.

To simplify this reporting process, did you know that you can submit this information online via the Workcover Queensland website at:

<http://www.workcoverqld.com.au/eBusiness.html>

You do not have to register before using this online service. You can simply log in using information provided on your *Declaration of Wages form* or your *Premium notice*.

Another important point to note is that Directors of a company are not covered by a WorkCover Qld policy as they are excluded from WorkCover's definition of a 'worker'. Therefore, remuneration and superannuation contributions paid to or on behalf of a Director do not need to be included in the Declaration of Wages form.
